

FINAL DEFENSE RUBRICS GROUP

Collab Subjects

- Platform Technologies
- IAS 2
- Intelligent Systems
- SAM
- Ethical Hacking

Criteria	Weight	Excellent (5)	Good (4)	Fair (3)	Needs Improvement (2)	SCORE
PART 1: SECURITY & CORE (45 Points Total)						
Authentication	x 2.0	Strong hashing, secure sessions, MFA, token validation, logout, rate limiting	Most controls present but missing 1–2	Basic controls only	No security controls	_____ / 10
Input Validation	x 2.0	Full server validation, SQL/XSS/CSRF protection, schema checks	Some protections missing	Minimal validation	Lack validation	_____ / 10
Database Security	x 2.0	Encrypted DB, RBAC, TLS, backups, logs	Partial encryption or RBAC	Weak DB security	No security	_____ / 10
Threat Modeling	x 2.0	DFD, STRIDE, OWASP, risk scoring, mitigation	Partial analysis	Minimal documentation	Basic/inconsistent	_____ / 10

Criteria	Weight	Excellent (5)	Good (4)	Fair (3)	Needs Improvement (2)	SCORE
Audit Trail	x 1.0	Comprehensive, tamper-evident logging of all critical actions	Most critical actions logged securely, lacks tamper-evidence	Basic or inconsistent logging	No logging or audit mechanisms	_____ / 5
PART 2: SMART CONTRACTS (20 Points Total)						
Contract Security & Tests	x 2.0	Flawless onlyOwner access; comprehensive fuzzing and vulnerability tests	Valid access controls, basic unit testing	Minimal access controls; missing core security tests	No access controls or security tests	_____ / 10
Gas Optimization	x 2.0	Detailed gas fee matrix for all functions; highly optimized logic	Basic gas tracking across functions	High gas costs; unoptimized logic	No gas cost analysis or benchmarking	_____ / 10
PART 3: AI / INTELLIGENT AGENT (30 Points Total)						
AI Model Evaluation	x 2.0	Comprehensive quantitative metrics (Accuracy, F1, MSE) with strict validation sets	Standard metrics tracked but missing deep validation	Basic metrics recorded without validation context	No pre-deployment quantitative evaluation	_____ / 10
Behavioral Tests	x 2.0	Exhaustive test cases (normal & edge); proven logical consistency	Good test coverage; mostly consistent outputs	Minimal test cases; occasional inconsistencies	No structured behavioral testing	_____ / 10
Goal & Design	x 1.0	Crystal clear objectives; highly detailed decision logic/diagrams	Goals and logic are mostly defined but lack depth	Vague goals; basic reasoning flow	Undefined goals or undocumented design	_____ / 5

Criteria	Weight	Excellent (5)	Good (4)	Fair (3)	Needs Improvement (2)	SCORE
Interpretability	x 1.0	Clear rule tracing, detailed scoring breakdowns, high explainability	Partial explanation of why decisions were made	Weak reasoning trace; difficult to interpret	Total black box (no explainability)	_____ / 5
DOCUMENTATION (5 Points Total)						
Documentation	x 1.0	Complete, secure, clear docs	Mostly complete	Basic docs	Poorly written	_____ / 5

PRESENTATION & DEFENSE RUBRIC (INDIVIDUAL)

Criteria	Weight	Excellent (5)	Good (4)	Fair (3)	Needs Improvement (2)	SCORE
Knowledge of Topic	x 4.0	Deep understanding	Good understanding	Somewhat unclear	Poor understanding	_____ / 20
Preparedness	x 4.0	Fully prepared	Mostly prepared	Some preparation	Unprepared	_____ / 20
Speaking Skills	x 4.0	Clear, confident, good pace	Mostly clear	Unclear at times	Poor clarity	_____ / 20
Ability to answer	x 4.0	Excellent and creative	Clear and relevant	Basic	No idea at all	_____ / 20
Teamwork	x 4.0	All members participated equally	Most participated	Unequal participation	Very uneven or poor collaboration	_____ / 20

NAME	Knowledge of Topic	Preparedness	Speaking Skills	Ability to answer	Teamwork	Total Score

FINAL DEFENSE GRADE

[illegible]
